Payment Policy

Thank you for choosing us for your counseling needs. We are committed to providing you with quality and affordable health care. Because some of our clients have had questions regarding client and insurance responsibility for services provided, we have been advised to develop this payment policy. Please read it, ask us any questions you may have, and sign in the space provided. A copy will be provided to you upon request.

1. Insurance. We have counselors that participate in most insurance plans, including Medicare. If you are not insured by a plan we do business with, payment in full is expected at each visit. If you are insured by a plan we do business with, but don't have an up-to-date insurance card, payment in full for each visit is required until we can verify your coverage. Knowing your insurance benefits is your responsibility. Please contact your insurance company with any questions you may have regarding your coverage.

2. Co-payments and deductibles. All co-payments and deductibles must be paid at the time of service. This arrangement is part of your contract with your insurance company. Failure on our part to collect co-payments and deductibles from clients can be considered fraud. Please help us in upholding the law by paying your co-payment and deductibles at each visit.

3. Non-covered services. Please be aware that some – and perhaps all – of the services you receive may be noncovered or not considered reasonable or necessary by Medicare or other insurers. In the case that your insurance does not cover the services provided, you will be responsible to pay for these services in full at the time of visit.

4. Proof of insurance. All clients must complete our Client Intake Summary and sign our Policy and Procedures and HIPAA forms before seeing a counselor. We must obtain a copy of current valid insurance to provide proof of insurance. If you fail to provide us with the correct insurance information in a timely manner, you may be responsible for the balance of a claim.

5. Claims submission. We will submit your claims and assist you in any way we reasonably can to help get your claims paid. Your insurance company may need you to supply certain information directly. It is your responsibility to comply with their request. Please be aware that the balance of your claim is your responsibility whether or not your insurance company pays your claim. Your insurance benefit is a contract between you and your insurance company; we are not party to that contract.

6. Coverage changes. If your insurance changes, please notify us before your next visit so we can make the appropriate changes to help you receive your maximum benefits. If your insurance company does not pay your claim, the balance will automatically be billed to you.

7. Direct Pay. If you do not have insurance or choose to not bill your insurance, your appointment fee must be paid in full at the time of service. Partial payments will not be accepted unless otherwise negotiated.

8. Nonpayment. If your account is over 45 days past due, the credit card you have on file will be charged. Partial payments will not be accepted unless otherwise negotiated. Please be aware that if a balance remains unpaid, your account will be marked as delinquent and you may be discharged from this practice. Your counselor will help make appropriate referrals if you desire to continue counseling. Prior to scheduling with a counselor at Valley, your account will need to be paid in full.

9. Late Cancellations/Missed appointments. Our policy is to charge for missed appointments not canceled within 24 hour notice. These charges will be your responsibility and will be charged to the credit card you have file. Please help us to serve you better by keeping your regularly scheduled appointment.

10. Credit Card on File. A current debit or credit card is required to be on file in order to secure your appointment. This credit or debit card will be charged in the event that your balance is past due. This is a safe and effective way for us to collect co-insurances, copays and balances on your account.

Our practice is committed to providing the best treatment to our clients. Our prices are representative of the usual and customary charges for our area. Thank you for understanding our payment policy. Please let us know if you have any questions or concerns.

I have read and understand the payment policy and agree to abide by its guidelines:

Policies and Procedures

Confidentiality

The information you share with your counselor is strictly confidential and will not be shared with anyone without your written consent except in accordance with North Dakota law which requires counselors to report to the proper authorities all cases in which there is reasonable cause to suspect neglect or abuse of a child, elder, or vulnerable adult. Confidentiality may also be broken if your counselor is required to do so for legal reasons, or if there is a threat to yourself, a threat to others and their property, or a threat of transmission of contagious or transmittable diseases.

Protection of Electronic Information

When we use electronic methods for communication, billing, recordkeeping, or other elements of client care, we ensure that our electronic data storage and communications are privacy protected consistent with the Health Insurance Portability and Accountability (HIPAA) requirements.

Length of Counseling

The counseling session is between forty-five (45) minutes and sixty (60) minutes. The number of sessions varies depending on the issues involved. It is your right to discontinue counseling at any time. However, it is appropriate and helpful to discuss any dissatisfaction or desire to terminate openly with your counselor.

If you need to contact your counselor between sessions you will be charged a fee based on fifteen (15) minute increments with a minimum charge of one quarter of an hour. Insurance benefits do not cover over-the-phone counseling.

Missed Appointments

It is important to remember that your counselor commits a specific time period for you when a counseling session is scheduled. If you miss or cancel an appointment without sufficient notice the appointment time is usually lost since it is difficult to reassign the session to another client on short notice. For this reason ***we ask for a 24-hour cancellation notice if you need to cancel or reschedule your appointment.***

If you fail to give a 24-hour notice or simply forget to come to your appointment, the credit card you have on file will be charged. Insurance benefits do not pay for missed appointments so this charge would be your responsibility to pay.

Payment for Counseling

Your payment is expected at each session. Please refer to our detailed Payment Policy for additional information. If you have any questions regarding Valley Christian Counseling Center’s policies and procedures please ask us at any time.

If an emergency arises, please dial 911 or call your local hospital.

I have read and agree to the policies and procedures stated above.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This privacy Notice is being provided to you as a requirement of a federal law, the Health Insurance Portability and Accountability Act (HIPAA). This Privacy Notice describes how we may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information in some cases. Your “protected health information” means any written and oral health information about you, including demographic data that can be used to identify you. This is health information that is created or received by your health care provider, and that relates to your past, present or future physical or mental health or condition.

I. Uses and Disclosures of Protected Health Information

Valley Christian Counseling Center (VCCC) may use your protected health information for purposes of providing treatment, obtaining payment for treatment, and conducting health care operations. Your protected health information may be used or disclosed only for these purposes unless VCCC has obtained your authorization or the use or disclosure is otherwise permitted by the HIPAA privacy regulations or state law. Disclosures of your protected health information for the purposes described in this Privacy Notice may be made in writing, orally, or by facsimile.

- A. Treatment:** We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party for treatment purposes. For example, we may disclose your protected health information to physicians who may be treating you or consulting with VCCC with respect to your care.
- B. Payment:** We may use and disclose protected health information about you so that the treatment and services you receive from VCCC may be billed and payment may be collected from you, an insurance company, or a third party. For example, we may disclose protected health information to your health insurance company to determine whether you are eligible for benefits or whether a particular service is covered under your health plan. We may also disclose client information to another provider involved in your care.
- C. Operations:** We may use or disclose, as needed, your protected health information in order to support the business activities of VCCC’s practice. Examples of these activities include but are not limited to: quality assessment activities, employee review activities, training programs, accreditation, certification, licensing or credentialing activities, and review and auditing, including compliance reviews, medical reviews, legal services and maintaining compliance programs, and business management and general administrative activities.
- D. Other Uses and Disclosures:** As part of treatment, payment, and health care operations, we may also use or disclose your protected health information to: keep you informed about appointments; program information, and benefits and services that may be of interest to you; call you by name in the waiting room when your counselor is ready to see you; or to contact you to raise funds for VCCC or an institutional foundation related to VCCC. If you do not wish to be contacted regarding fund raising, please contact our Privacy Officer.

II. Uses and Disclosures beyond Treatment, Payment, and Health Care Operations Permitted Without Authorization or Opportunity to Object

Federal privacy rules allow us to use or disclose your protected health information without your permission or authorization for a number of reasons including the following: as required by law; for public health activities; victims of

abuse, neglect or domestic violence; health oversight activities; for judicial and administrative activities; for law enforcement purposes; regarding decedents; for cadaveric, organ, eye and tissue donation purposes; for research purposes; to avert a serious threat to health or safety; for specialized government functions; correctional institutions; for workers' compensation; or to share with our business associates who must abide by the same confidentiality requirements. Any health care professional authorized to enter information into your medical record, all employees, staff, and other personnel at VCCC who may need access to your information must abide by this Notice. Except where treatment is involved, only the minimum necessary information needed to accomplish the task will be shared.

III. Uses and Disclosures Permitted without Authorization but with Opportunity to Object

We may disclose your protected health information to your family member or a close personal friend if it is directly relevant to the person's involvement in your care or payment related to your care. We can also disclose your information in connection with trying to locate or notify family members or others involved in your care concerning your location or general condition.

You may object to these disclosures. If you do not object to these disclosures or we can infer from the circumstances that you do not object or we determine, in the exercise of our professional judgment, that it is in your best interest for us to make disclosure of information that is directly relevant to the person's involvement with your care, we may disclose your protected health information as described.

IV. Uses and Disclosures which you Authorize

Other than as stated above, we will not disclose your health information other than with your written authorization. You may revoke your authorization in writing at any time except to the extent that we have taken action in reliance upon the authorization.

V. Your Rights

You have the following rights regarding your health information.

- A.** You may inspect and obtain a copy of your personal health information in our possession for as long as we maintain the protected health information. Under federal law, however, you may not inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or for use in, a civil, criminal, or administrative action or proceeding; protected health information that is subject to a law that prohibits access to protected health information; information obtained from someone other than a health care provider under a promise of confidentiality and the requested access would be reasonable likely to reveal the source of information; and information that is copyright protected. Depending on the circumstances, you may have the right to have a decision to deny access reviewed. Please contact our Privacy Officer if you have questions about access to your medical records.
- B.** In other situations we may deny you access, but if we do, we must provide you a review of our decision denying the access. These "reviewable" grounds for denial include the following: a licensed health care professional has determined that the access is reasonably likely to endanger the life or physical safety of yourself or another person; the protected health information makes reference to another person (other than your health care provider) and your health care provider has determined that the access is reasonably likely to cause substantial harm to another person; the request is made by your personal representative and a licensed health care professional has determined that giving access to such personal representative is reasonably likely to cause substantial harm to you or another person. Depending on the circumstances, you may have the right to have a decision to deny access reviewed. Please contact our Privacy Officer if you have questions about access to your medical records.
- C.** You may request a restriction on certain uses and disclosure of your information. Your request must state the specific restriction requested and to whom you want the restriction to apply. VCCC is not required to agree to the requested restriction, but if approved, we will abide by it except in an emergency treatment situation or as required by law. You may request a restriction by contacting the Privacy Officer.
- D.** You may request that we contact you about personal health care matters only in a certain way and at a certain location. We will accommodate reasonable requests. We may condition the accommodation by asking you for information about how payment will be handled or ask you to specify an alternate address or other method of contact.

- E. If you feel that some information VCCC has created about you is wrong, you may ask to change that information. In certain situations, we may deny your request. We will notify you if we deny your request and tell you how to request a review of the denial. Requests for amendment must be in writing and must be directed to our Privacy Officer. In this written request, you must also provide a reason to support the requested amendment(s).
- F. You have the right to request an accounting of certain disclosures of your protected health information made by VCCC. This right applies to disclosures for purposes other than treatment, payment, or health care operations as described in this Privacy Notice. We are also not required to account for disclosures that you requested, disclosures that you agreed to by signing an authorization form, disclosures for a VCCC directory, to friends or family members involved in your care, or certain other disclosures we are permitted to make without your authorization. The request for an accounting must be made in writing to our Privacy Officer. The request should specify the time period sought for the accounting. We are not required to provide an accounting for disclosures that take place prior to January 1, 2011. Accounting requests may not be made for periods of time in excess of six years. We will provide the first accounting you request during any 12-month period without charge. Subsequent accounting requests may be subject to a reasonable cost-based fee.
- G. You may request a paper copy of this notice even if you have already received a copy of this notice or have agreed to accept this notice electronically.
